ABOUT FACE PROGRAM — SHOWPLACE AWARD

Created in 1975, the About Face Program is the National Stone, Sand & Gravel Association's oldest awards program. This nationally acclaimed program recognizes and rewards aggregate producers who have made constructive and positive efforts to enhance the aesthetic appearance of their operations. In 1987, About Face received a "Special Merit Award" from the nationally respected Keep America Beautiful organization, and in 1990, it was accorded the highest honor in the U.S. Department of Interior's Take Pride in America Program.

ENVIRONMENTAL PROFESSIONAL OF THE YEAR

The Environmental Professional of the Year Award was created in 1993 to provide recognition to an individual producer member in the aggregates industry who has made superior and substantial contributions to his or her company's, or the industry's, effort to achieve environmentally sound operating practices. Judging for the Environmental Professional of the Year Award is conducted by a panel including the Chairman of NSSGA's Environment, Safety and Health Division; a past recipient of the award; a member of trade press and at least two other members of the Environmental Committee who are not nominees for the award in the current year.

The 2006 Environmental Professional of the Year is:

FRANK MENDOLA

CEMEX
Phoenix, Ariz.

★ 2006 ★

ENVIRONMENTAL EXCELLENCE — GOLD AWARD

The Environmental Excellence Award was created in 1992 to provide national recognition for aggregate-producing companies actively contributing to the maintenance of the environment in and around their operations, as evidenced by a corporate commitment to the full use of environmental controls and systems. This award is based, in part, on the extent to which an operation meets and exceeds technical environmental and regulatory requirements. The Excellence Award is not based on aesthetic or beautification criteria.

The 2006 winners of the Environmental Excellence — Gold Award:

MORGAN COUNTY QUARRY

JAMES M. CHRISTIE SAFETY & HEALTH PROFESSIONAL

The James M. Christie Safety and Health Professional of the Year Award was created in 1987 to provide national recognition to one individual in the aggregates industry who has made superior and substantial contributions to his or her company's — and the industry's — effort toward proactive safe and healthful operating practices.

The 2006 James M. Christie Safety & Health Professional is:

MICHAEL E. NEASON

Hanson Aggregates
Louisville, Ky.

★ 2005 ★

SAFETY EXCELLENCE — GOLD AWARD

The Safety Excellence Program was created in 1987 to promote safe working conditions and practices and to recognize, on an annual basis, individual NSSGA member mine sites with exemplary safety records. Safety Excellence Awards recognize individual mine operations by size category with the best total injury incidence rate for the previous calendar year and longer. Incidence rate data are verified by MSHA.

The 2005 winners of the Safety Excellence – Gold Award:
